Chapter 105. Electricity

Article I. General Provisions

§ 105-1. Scope; applicability.

A. Except as otherwise provided, the provisions of this chapter shall apply to all electrical equipment and the installation or relocation thereof in the county for light, heat or power within or on public or private buildings, structures or premises, including yards, carnivals and parking lots and industrial substations, and all electrical equipment and those other items, equipment

and installations covered by the duly adopted edition of the National Electrical Code.

B. (Reserved)

C. The provisions of this chapter shall not apply to installations in ships, railway cars or automobiles.

D. The provisions of this chapter shall not apply to installations or equipment of the United States Government.

§ 105-2. Adoption of rules and regulations.

The Director shall adopt written rules and regulations for the administration of this chapter. Rules and regulations and amendments thereto shall not conflict with or waive any provisions of this chapter or be less restrictive than its provisions and shall become effective upon their adoption in accordance with procedures set forth in Section 807 of the Charter.

§ 105-3. Adoption of standards.

A. The National Electrical Code, [(2002)] (2005 Edition), including all annexes, as adopted by the National Fire Protection Association, is hereby adopted as the Harford County Electrical Code, and it is incorporated by reference hereto and is made a part of this chapter with the same force and effect as though set out in full herein, save and except such changes, amendments, revisions, deletions, substitutions and additions as are specified. All electrical installations in Harford County shall meet the standards and requirements set forth by the National Electrical Code and this chapter and all rules and regulations.

B. Exceptions and modifications to the National Electrical Code [(2002)] (2005).

(1) Aluminum conductors of 6 AWG and smaller are not permitted.

(2) In Subsection 210.8(B)[(3)](2) OF THE NATIONAL ELECTRICAL CODE (2005), [Renumber the exception listed as “Exception No. 1” and insert the following language after

1 the exception:] ADD “Exception No. 1 TO (2): Receptacles that are not readily accessible.
2 Exception No. [3] 2 TO (2): A single receptacle or a duplex receptacle for two appliances located
3 within dedicated space for each appliance that, in normal use, is not easily moved from one place to
4 another and that is cord-and-plug connected in accordance with Subsection 400.7(A)(6), (A)(7), or
5 (A)(8).”

6 [(3) Subsections 210.52(B)(1) and (2) of the National Electrical Code [1999]
7 (2002) are deleted and the following is inserted in lieu thereof: “The three or more twenty-ampere
8 small appliance branch circuits required by Section 210.11(C)(1) shall serve all receptacle outlets,
9 including refrigeration equipment, in the kitchen, pantry, breakfast room, dining room, or similar
10 area of a dwelling unit. Such circuits, whether three or more are used, shall have no other outlets.”]

11 [(4)](3) IN Subsection 210.11(C)(1) of the National Electrical Code [(2002)]
12 (2005) [is deleted and the following is inserted in lieu thereof: “Small Appliance Branch Circuits.
13 In addition to the number of branch circuits required by other parts of this section, three or more 20
14 ampere small appliance branch circuits shall be provided for all receptacle outlets specified by
15 Section 210.52(B).”], STRIKE THE WORD “TWO” AFTER “SECTION” AND INSERT “THREE”
16 IN LIEU THEREOF.

17 [(5)](4) In Subsection 210.12(B) of the National Electrical Code [(2002), add
18 the following exception:] (2005), NUMBER THE LISTED EXCEPTION AS “EXCEPTION NO. 1”
19 AND INSERT THE FOLLOWING LANGUAGE AFTER THE EXCEPTION: “Exception NO. 2:
20 ARC-FAULT CIRCUIT INTERRUPTERS ARE NOT REQUIRED FOR Outlets for [fire and
21 smoke] LIFE SAFETY detection devices.”

22 (5) IN SUBSECTION 210.52(B)(1) OF THE NATIONAL ELECTRICAL CODE
23 (2005), DELETE THE EXCEPTIONS LISTED, AND DELETE THE WORD “TWO” IN THE

1 THIRD LINE AND INSERT THE WORD “THREE” IN LIEU THEREOF.

2 (6) IN SUBSECTION 210.52(B)(2) OF THE NATIONAL ELECTRICAL CODE
3 (2005), DELETE THE EXCEPTIONS LISTED, AND DELETE THE WORD “TWO” IN THE
4 FIRST LINE AND INSERT THE WORD “THREE” IN LIEU THEREOF.

5 [(6)](7) In Subsections 240.21(B)(1) and (B)(2) of the National Electrical Code
6 [(2002)] (2005), add the following exception: “Exception: In meter rooms, the conductors within
7 the auxiliary gutter that supplies the meters shall not count as a part of the total length.”

8 [(7) In Subsection 250.52(A) of the National Electrical Code (2002), add the
9 following language after “Electrodes permitted for grounding.”: “The principal grounding electrode
10 for all new structures shall be a concrete encased electrode installed in accordance with this
11 subsection.”

12 (8) In subsection 338.10(B)(2) of the National Electrical Code (2002), add the
13 following exception: “Exception: A cable that derives from the service entrance equipment, has a
14 final nonmetallic outer covering and is supplied by alternating current at not over 150 volts to ground
15 shall be permitted to supply overhead feeders to other buildings on the same premises.”]

16 (8) SUBSECTION 250.52(A)(5)(B) OF THE NATIONAL ELECTRICAL CODE
17 (2005) IS DELETED AND THE FOLLOWING IS INSERTED IN LIEU THEREOF:
18 “ELECTRODES OF RODS OF IRON OR STEEL ARE NOT PERMITTED. STAINLESS STEEL
19 RODS, NONFERROUS RODS, OR THEIR EQUIVALENT SHALL BE LISTED AND SHALL
20 NOT BE LESS THAN 16 MM (5/8 INCH) IN DIAMETER.”

21 (9) In Subsection 410.16(C) of the National Electrical Code [(2002)] (2005), add
22 the following language: “All ‘lay-in’ luminaires require independent suspension to ensure the
23 luminaire will not drop when the framing members no longer provide support. At a minimum, 12

1 SWG wire which is firmly secured to the building structure and the luminaires must be utilized.
2 Two [(2)] restraining wires at opposite and opposing corners are required for fluorescent luminaires
3 and [four (]4[)] restraining wires, one at each corner, are required when installed in fire rated
4 ceilings. Other types of luminaires installed in suspended ceilings must have at least one 12 SWG or
5 larger wire which is firmly secured to the building structure and the luminaire as a secondary support
6 to preclude the danger of falling when the framing members fail or are removed.”

7 **§ 105-4. Administration and enforcement.**

8 This chapter shall be administered and enforced by the Department of Inspections, Licenses
9 and Permits, hereinafter referred to as the “Department.”

10 **§ 105-5. Right of entry.**

11 The Director or an authorized representative, upon exhibiting proper credentials or proof of
12 identity on request, has the right to enter any building, structure or premises, except private
13 residences, without consent of the occupants, at any time during business or operating hours and at
14 such other times as may be necessary in any emergency that immediately endangers life, property or
15 public safety, for the purpose of enforcing this chapter. In the case of multiple dwellings, the
16 Director or an authorized representative has the right to enter without consent only those spaces to
17 which the public is ordinarily admitted, such as hallways, basements and similar spaces, provided
18 that the Director or an authorized representative may enter any private residence or dwelling for the
19 purpose of enforcing this chapter with the consent of the occupants or without such consent if the
20 Director obtains an administrative search warrant in accordance with prescribed legal procedure or if
21 there is an emergency present.

22 **§ 105-6. Permit required.**

23 A. In the case of any electrical installation for which a permit is required under this

chapter, it shall be unlawful for any person to maintain or allow to be maintained such electrical installation if it was installed after July 22, 1977, without a permit and does not conform to the requirements of this chapter.

B. In the case of any existing electrical installations, if shall be unlawful for these installations to be maintained in a hazardous and unsafe condition, and it is the responsibility of the owner of such installations to have the installation corrected in accordance with the [Harford County] Electrical Code.

C. An electrical permit may be transferred from one master electrician to another master electrician with the written permission of the owner of the property or the owner's agent. There shall be a [seven] 7 working day waiting period before a new permit is issued. The waiting period begins when the Division of Electrical Services receives such request from the owner or owner's agent. During this time, the original master electrician will be notified by the administrative authority that the owner or owner's agent has submitted such request to the Division of Electrical Services. After the waiting period, a new permit may be issued. At this time, the new master electrician will be required to sign an agreement assuming responsibility for the entire electrical work. The fee for the new permit shall be the same as the original permit fee.

§ 105-7. Violations and penalties.

Any person in violation of the provisions of this chapter and rules and regulations promulgated pursuant thereto shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not more than [one thousand dollars (]\$1,000[.)] or imprisonment for a period not exceeding [six (]6[)] months, or both. In addition, the county may institute other appropriate legal actions for the enforcement of this chapter.

§ 105-8. Emergency disconnections.

Where any electrical equipment, whether installed before or after the enactment of this chapter, is determined by the Director to be an immediate threat to the safety of persons or property, or where it may interfere with the fire-protection service of any Fire Department in the county, the Director shall have authority to cause the electrical equipment to be disconnected immediately without prior notice to the owner.

§ 105-9. Fees.

A. Prior to the issuance of any permit or license as provided for in this chapter, the applicant shall pay a fee in accordance with the schedule of fees established and revised by the county. The fees established for permits and licenses, as required by this chapter, shall be reasonably calculated to provide sufficient funds to pay for the cost of administering and enforcing the Electrical Code and the provisions of this chapter.

B. Where no work has been done under a permit issued under this chapter, the holder of the permit may deliver it to the Department, and upon cancellation thereof there shall be a refund of [fifty percent (]50%[])] of the permit fee, provided that application for a refund is made within [six (]6[])] months of the issuance of the permit.

Article II. Board of Electrical Examiners

§ 105-11. Membership; terms; vacancies.

A. The Board of Electrical Examiners of the county shall consist of [five (]5[)] persons for the purpose of examining, regulating and monitoring all persons who are engaged or desire to engage in the business of master, [electrician, journeyman or] limited, [and] restricted OR JOURNEYPERSON [types of] electricians. The Board shall be appointed by the County Executive, subject to confirmation of the County Council. The Board shall consist of [three (]3[)] master electricians, actually working as such, who are residents of the county and whose principal place of business is located in the county; an architect or an engineer who is a resident of the county and who is a professional duly registered and licensed in accordance with the requirements of the state; and [one (]1[)] citizen who is a resident of the county.

B. The members of the Board shall be appointed for terms coterminous with that of the County Executive, and any member may succeed himself in office [for one (1) term]. Each member shall serve until a successor is appointed and qualified.

C. In case of vacancies, the County Executive shall make appointments for the remainder of the unexpired term.

§ 105-12. Chief Electrical Inspector.

The Chief Electrical Inspector shall act as a liaison between the Department of Inspections, Licenses and Permits and the Board.

§ 105-13. Officers.

The Board shall elect its own Chair, Vice Chair and any other officers. The Vice Chair shall,

in the absence of the Chair, assume all the duties and responsibilities of the Chair.

§ 105-14. Continuation of present Board.

This section does not affect the terms of those members of the Board serving as of October 1, 1984. All new appointments shall be made in accordance with these provisions.

§ 105-15. Salaries and compensation.

Each member of the Board may be compensated for reasonable and necessary expenses at a rate the county determines.

§ 105-16. Powers and duties.

A. The Board shall advise the Director on the issuance of licenses for [journeyman electricians,] master, [electricians and] limited, [and] restricted AND JOURNEYPerson electricians and shall ascertain by appropriate examination the qualifications and capabilities of all persons who request licenses.

B. In the case of examination for limited licenses, the Board has the authority to consult or obtain the services of a recognized expert in the field to conduct the examination.

§ 105-17. Meetings; quorum.

A. The Board shall meet at least once each month and shall hold such other meetings as the proper and efficient discharge of its business requires.

B. A majority of a proper quorum of the Board may take action on behalf of the Board.

§ 105-18. Reciprocity.

The Board of Electrical Examiners shall certify to the Director any applicant as qualified to be licensed without examination by the Board if the applicant is currently licensed by another jurisdiction in the state or by the state itself. The qualification procedures of the other jurisdictions shall be equivalent to those required for licensing in the county.

Article III. Licenses AND REGISTRATIONS**§ 105-19. Applicability of Article.**

A. The licensing AND REGISTRATION provisions contained in this Article shall apply to electrical work within the purview of the Electrical Code and shall not apply to a person who installs, repairs or maintains in that person's own single-family residence electrical equipment owned by that person and for the person's own or immediate family's use, provided that before performing any such work the person shall apply to the Director for a permit where required by this chapter. The Director shall require that the applicant is qualified to perform the work in a capable manner, so as not to endanger life and property belonging to public utilities suppliers. If the Director finds that the applicant is qualified to perform the work, a permit will be issued. No permit shall be required for minor repairs.

B. Nothing in the licensing OR REGISTRATION provisions contained in this Article shall be construed to exempt any electrical work in the county from complying with the requirements of the [County] Electrical Code.

C. All electrical installations in the county shall be accomplished by, or under the supervision of, a [licensed] master electrician except as provided in Subsection A above.

D. Any master or limited ELECTRICIAN'S license holder, as listed in this chapter, shall not represent more than one business, company or corporation supplying electrical services, of all types, at the same time.

E. No license or permit shall be required for installations of low voltage systems of 50 volts or less within a dwelling.

§ 105-20. Application for license.

A. There shall be [four (4)] classes of electricians' licenses, as follows:

- (1) Master electrician.
- (2) Limited electrician.
- (3) Restricted electrician.
- (4) [Journeyman] JOURNEYPerson electrician.

B. Before the Department shall issue or renew an electrician's license, it shall require the applicant to:

(1) Provide the Department with such current information as to character, experience, education and training in or related to the construction, maintenance, installation or repair of all types of electrical equipment and apparatus or, in the case of an application for a limited [license] or restricted ELECTRICIAN'S license, such information as it relates to the particular type of license requested. All information shall be strictly confidential.

(2) Pass a written or oral examination conducted by the Board predicated upon the standards of the Electrical Code and rules and regulations adopted pursuant thereto.

(3) Pay to the county, at the time of filing the application, a nonrefundable fee in the amount as set forth in [§ 157-16] § 157-24 of this Code.

(4) Carry general liability insurance in the amount of \$300,000 and property damage insurance in the amount of \$100,000. Notice of cancellation of general liability insurance or property damage insurance shall be forwarded to the Board [within ten (10) days of] BY BOTH THE APPLICANT AND THE INSURER WITHIN 10 DAYS AFTER the cancellation date. JOURNEYPersons AND Inactive license holders are exempt from this requirement.

C. It is the duty of the Director, upon receipt of an application for an electrician's license, to investigate the character, experience, training and education of the applicant and to provide the information to the Board.

1 D. It is the duty of the Board to certify to the Director within [sixty (]60[)] days after the
2 date of the applicant's examination whether the applicant is qualified for the license applied for on
3 the basis of an examination and the other required information provided.

4 E. In the case of application for renewal of an existing county electrician's license, it is
5 the duty of the Director to withhold issuance of a license upon a finding by the Board that the
6 licensee has committed acts which are in violation of the provisions of this chapter.

7 F. All approvals or denials of such applications shall be personally served or mailed by
8 certified mail to the address on the application. Any denial may be appealed to a Board of
9 Arbitration, which shall consist of [one (]1[)] person selected by the person making the appeal, [one
10 (]1[)] person selected by the Board and a third person to be selected by these two, and the decision of
11 the Board of Arbitration or a majority of its members shall be final and binding upon all the parties.

12 G. In all instances where there is a requirement that an applicant for a license meet a
13 preliminary time provision, it is the duty and responsibility of the applicant to provide statements of
14 service and supervision of the persons under whom the applicant served. The statements shall be
15 signed under oath by the applicant and the certifying person.

16 **§ 105-21. Master electrician's license.**

17 A. Any person who desires to install, repair, maintain or erect electrical equipment as a
18 master electrician [may at any time] SHALL make application to the Director to be examined.

19 B. An applicant for examination for a master electrician's license shall have been
20 regularly and principally employed or engaged as a [journeyman] JOURNEYPERSON electrician in
21 electrical construction, maintenance, installation and repair of all types of electrical equipment and
22 apparatus for a period of not less than [three (]3[)] years, following certification as a [journeyman]
23 JOURNEYPERSON electrician and preceding the date of the application, under the direction and

1 supervision of a master electrician. The Board may substitute a course of study and training in
2 electrical installation completed at a trade school or other educational institution for experience if, in
3 the opinion of the Board, such training provided comparable experience to that attainable under the
4 supervision of a master electrician.

5 **§ 105-22. Limited electrician's license.**

6 A. Any person who desires to install, repair, maintain and erect electrical equipment as a
7 limited electrician [may at any time] SHALL make application to the Director to be examined.

8 B. An applicant may be licensed under this section for a particular type of electrical
9 installation or may be licensed for all types or as many types of limited electrical installations as
10 defined in this chapter for which the applicant shall be found qualified by the Board. The applicant
11 shall have been regularly and principally employed for [three (3)] years preceding application in the
12 applicant's area of limitation. The type of limited ELECTRICIAN'S license shall be set forth in
13 regulations promulgated by the county. Particular license classifications shall include, but not be
14 limited to, licenses for electrical connections and circuits to air conditioning, elevators, gasoline
15 pumps, automatic heating furnaces whose principal operation is derived from fuel oil, gas, steam or
16 coal, illuminated signs and similar specialties.

17 **§ 105-23. Restricted electrician's license.**

18 A. Any person who desires to maintain, repair, renew or replace electrical wiring or
19 equipment as a restricted electrician [may at any time] SHALL make application to the Director to be
20 examined.

21 B. An applicant may be licensed under this section only as to a particular place which
22 will be noted on the license certificate. The applicant shall have been regularly and principally
23 employed or engaged in electrical construction or maintenance for [three (3)] years preceding

application for this license. Additional provisions concerning restricted ELECTRICIAN'S licenses shall be set forth in regulations promulgated by the county.

§ 105-24. [Journeyman] JOURNEYPERSON electrician's license.

A. Any person who desires to install, repair, maintain or erect electrical equipment as a [journeyman] JOURNEYPERSON electrician [may at any time] SHALL make application to the Director to be examined.

B. An applicant for examination for a [journeyman] JOURNEYPERSON electrician's license shall have been regularly and principally employed or engaged in electrical construction, maintenance, installation and repair of all types of electrical equipment and apparatus for a period of not less than [four (]4[)] years under the supervision of a master electrician, or equivalent work experience acceptable to the Electrical Board.

§ 105-25. Examinations.

A. The written and/or oral examination conducted by the Board for the master, [electrician's,] limited, [electrician's,] restricted [electrician's] or [journeyman] JOURNEYPERSON electrician's license shall be based upon standards of the [County] Electrical Code.

B. In order to qualify as having passed such examination, the applicant shall receive a grade constituting at least [seventy percent (]70%[)] of the total possible point credits in the examination.

C. The use of any unauthorized material or cheating by an applicant during an examination shall cause the immediate rejection of an application and bar an applicant from reexamination for [six (]6[)] months.

D. Regular examination periods shall be held at least [three (]3[)] times each year at intervals of not greater than [four (]4[)] months. Written notice of the date, hour and place of

1 examination shall be mailed to each eligible applicant at least [twenty (]20[)] days prior to the date of
2 the examination.

3 E. Any applicant who fails to pass any examination shall be afforded an opportunity to
4 take a reexamination. Any person taking a reexamination shall apply to the Director for permission
5 to do so and shall pay the required fee.

6 F. All written examinations and applicant records pertaining thereto shall be stored
7 under secured conditions within the Department and shall be available for inspection, upon request
8 made to the Board by the applicant, for a period of [six (]6[)] months after the date of the
9 examination.

10 G. The fee for examination for any class of license issued under this Article and the fees
11 for issuance and renewal of all classes of licenses authorized in this Article shall be set forth in [§
12 157-16] § 157-24 of the Harford County Code.

13 H. Questions used in the examination for a master license shall be taken from the
14 prepared text formulated by the Maryland Uniform Electrical Licensing EXAMINATION
15 Committee, Inc.

16 **§ 105-26. APPRENTICE ELECTRICIAN'S CERTIFICATE OF REGISTRATION.**

17 ANY PERSON WHO DESIRES TO ASSIST A MASTER, LIMITED OR
18 JOURNEYPERSON ELECTRICIAN IN PROVIDING ELECTRICAL SERVICES AS AN
19 APPRENTICE ELECTRICIAN, UNDER THE DIRECTION AND SUPERVISION OF A MASTER
20 OR LIMITED ELECTRICIAN, SHALL POSSESS A CERTIFICATE OF REGISTRATION FROM
21 AN ELECTRICAL APRENTICESHIP PROGRAM. IN THE EVENT THAT THE PROGRAM
22 DOES NOT ISSUE A CERTIFICATE OF REGISTRATION, ONE SHALL BE OBTAINED FROM
23 THE DEPARTMENT UPON A SHOWING THAT THE APPRENTICE ELECTRICIAN IS

CURRENTLY ENROLLED IN AN ELECTRICAL APPRENTICESHIP PROGRAM AND THE
NONREFUNDABLE FEE IN THE AMOUNT AS SET FORTH IN 157-24(A)(1) OF THIS CODE
IS PAID TO THE COUNTY.

§ 105-27. ELECTRICIAN'S ASSISTANT'S REGISTRATION.

A. ANY PERSON WHO DESIRES TO ASSIST A MASTER, LIMITED OR
JOURNEYPerson ELECTRICIAN IN PROVIDING ELECTRICAL SERVICES AS AN
ELECTRICIAN'S ASSISTANT, UNDER THE DIRECTION AND SUPERVISION OF A
MASTER OR LIMITED ELECTRICIAN, SHALL POSSESS A REGISTRATION FROM THE
DEPARTMENT.

B. BEFORE THE DEPARTMENT SHALL ISSUE OR RENEW AN ELECTRICIAN'S
ASSISTANT'S REGISTRATION, IT SHALL REQUIRE THE APPLICANT TO PAY TO THE
COUNTY, AT THE TIME OF FILING OF THE APPLICATION, A NONREFUNDABLE FEE IN
THE AMOUNT AS SET FORTH IN § 157-24(A)(1) OF THIS CODE.

§ 105-[26] 28. Term of license/REGISTRATION; renewals.

All [master] licenses AND REGISTRATIONS issued pursuant to this Article shall expire on
April 30 of each odd-numbered year. ANY INDIVIDUAL WHO POSSESSES A LICENSE
EXPIRING IN 2006 SHALL BE ISSUED A ONE-YEAR LICENSE IF THE INDIVIDUAL MEETS
ALL OTHER REQUIREMENTS OF THIS ARTICLE FOR RENEWAL. THE FEE FOR THE
ONE-YEAR LICENSE SHALL BE BASED UPON CHAPTER 157 OF THIS CODE. [All other
electrical licenses shall expire April 30 of each even-numbered year, and renewals thereafter shall be
effective May 1 through April 30 for a two-year period.] Applicants for licenses and renewals shall
pay to the county a fee for a master, [electrician's license,] limited, [electrician's license,
journeyman] RESTRICTED OR JOURNEYPerson electrician's license OR AN APPRENTICE

ELECTRICIAN'S OR ELECTRICIAN'S ASSISTANT'S REGISTRATION [and restricted electrician's license] as provided for by the county fee schedule. EFFECTIVE FOR ANY RENEWAL BEGINNING MAY 1, 2007 OR THEREAFTER, APPLICANTS FOR RENEWALS OF A MASTER, LIMITED, RESTRICTED OR JOURNEYPerson ELECTRICIAN'S LICENSE SHALL PROVIDE TO THE COUNTY CERTIFICATION OF COMPLETION OF A MINIMUM OF 10 CONTACT/CLOCK HOURS OF ELECTRICAL CONTINUING EDUCATION WITHIN THE PRECEDING LICENSING PERIOD. HOWEVER, THE CONTINUING EDUCATION REQUIREMENT SHALL NOT BE APPLICABLE FOR THE RENEWAL OF A LICENSE ORIGINALLY OBTAINED DURING THE SAME CALENDAR YEAR OF THE RENEWAL.

After May 1 OF THE YEAR IN WHICH THE LICENSE OR REGISTRATION EXPIRES, a person, firm or corporation shall not engage or hold themselves out as a master, limited, [or] restricted, JOURNEYPerson OR APPRENTICE electrician, OR AN ELECTRICIAN'S ASSISTANT unless the license OR REGISTRATION has been renewed or restored. If application for the restoration is made within [ninety (]90[)] days after April 30, a license which expires because of failure to renew prior to May 1 shall be restored only on the payment of the renewal fee and the restoration fee. If the application for restoration is not made within the [ninety] 90-day period after expiration, a renewal may not be issued and the Board may require compliance by examination before re-issuance as if the applicant had never been licensed.

§ 105-[27] 29. Continuation of work; effect of incapacity or termination of electrician.

A. No person shall be denied the privilege of continuing a contract business or maintenance or repair work, in the event of death, illness or other physical disability of the master, [electrician,] limited [electrician] or restricted electrician who qualified the person for such license, for a period not exceeding [one hundred twenty (]120[)] days following the date of such death,

1 illness or physical disability, provided that such business, maintenance or repair work is conducted
2 under such qualified supervision as the Board deems adequate and that all requirements concerning
3 insurance are first complied with and the Department is notified promptly by the licensee upon such
4 death, illness or physical disability.

5 B. A person shall be allowed to continue a business or to perform maintenance and
6 repair work for a period not exceeding [ninety (]90[)] days should the master, [electrician,] limited
7 [electrician] or restricted electrician who qualified the person for such license terminate his services
8 therefrom, provided that the business, maintenance or repair work is conducted under such qualified
9 supervision as the Board deems adequate and that both of the following requirements are met:

10 (1) All insurance requirements are complied with.

11 (2) The master, [electrician,] limited [electrician] or restricted electrician who
12 qualified shall notify the Board in writing within [five (]5[)] days after termination of services, or the
13 person wishing to continue such business or work shall notify the Board in writing within [five (]5[)]
14 days after such master, [electrician,] limited [electrician] or restricted electrician has terminated
15 services.

16 **§ 105-[28] 30. Transferability of license; renewal.**

17 A. No license issued under this chapter shall be assigned or transferred.

18 B. No license shall be renewed for any person until all of the requirements of this chapter
19 have been met.

20 **§ 105-[29] 31. Declaration of inactivity; records.**

21 A. A licensee may, by notifying the Board in writing, declare a license inactive. During
22 the period such license remains inactive, the yearly renewal fee as required by the county shall be
23 paid. Insurance required by this chapter shall be waived for the period such license remains inactive.

1 No license shall be deemed inactive unless all work for which permits have been issued has been
2 completed and has received final inspection and approval by the Department.

3 B. The Director shall keep a register of all licenses placed on or removed from inactive
4 status and of any master, [electrician,] limited [electrician] or restricted electrician who changes an
5 affiliation as a qualifying representative of any person. A license placed on the inactive list may be
6 returned to active status upon certification by the Board and upon proper notification and application
7 in writing by the licensee. All requirements of this Article shall be complied with before such
8 license shall be restored to active status.

9 **[§ 105-30. Effect on existing licenses.]**

10 Subject to the provisions of § 105-34, the Department may renew licenses under this chapter
11 to any applicant who, on July 22, 1977, held an existing county electrician's license.]

12 **§ 105-[31] 32. Display of licenses; identification cards.**

13 A. Each holder of a MASTER, LIMITED OR RESTRICTED ELECTRICIAN'S license
14 issued under this chapter shall display the license in a prominent place at the [licensee's]
15 HOLDER'S business location. [and] THE HOLDER OF ANY LICENSE, CERTIFICATE OF
16 REGISTRATION OR REGISTRATION, UPON DEMAND, shall give the number of the license,
17 CERTIFICATE OF REGISTRATION OR REGISTRATION to any inspector of the Department.

18 B. All holders of master, [electrician,] limited, [electrician,] restricted [electrician] and
19 [journeyman] JOURNEYPERSON electrician licenses OR ELECTRICIAN'S ASSISTANT
20 REGISTRATIONS shall have identification cards issued by the Department, OR FOR
21 APPRENTICE ELECTRICIANS, AN IDENTIFICATION CARD ISSUED BY THE
22 APPRENTICESHIP PROGRAM OR THE DEPARTMENT. SUCH IDENTIFICATION CARDS
23 SHALL BE in their possession at all times while performing electrical work within the county and

shall display the same, upon request, to authorized Department personnel.

C. The license number or name of the master [electrician] or [the] limited electrician shall be displayed on each vehicle used on the job providing electrical services. The lettering or numbering displayed on each vehicle shall be at least 3 inches in height.

§ 105-[32] 33. Duplicates.

If a license OR REGISTRATION is lost, defaced or destroyed, a licensee OR REGISTRANT in good standing may obtain a duplicate upon filing an application to the Director and paying the cost of replacement.

[§ 105-33. Apprentices; identification cards.

A. Any person who desires to be registered with the county as being engaged in a program of apprenticeship may at any time make application to the Director on forms provided by the Department.

B. The Department, upon receipt of a nonrefundable fee as set forth in the county fee schedule, shall issue to the applicant an apprentice identification card, renewable annually, and shall require that records be kept regarding the nature of the electrical work being performed by the apprentice electrician.]

§ 105-34. Revocation or suspension of license.

A. The Board may suspend the license of a master, [electrician,] limited, [electrician,] restricted [electrician] or [journeyman] JOURNEYPERSON electrician or recommend to the Director that the license be revoked, after a public hearing conducted in accordance with the Board's rules and regulations, if the Board finds that the electrician:

(1) Obtained a license by false or fraudulent representation.

(2) Transferred the authority granted by the license to another person.

(3) Engaged in unfair or deceptive trade practices as defined in Commercial Law Article, § 13-301, of the Annotated Code of Maryland, as amended.

(4) Willfully or deliberately disregarded or violated Building Codes or Electrical Codes.

(5) Aided or abetted any person to evade any provision of this chapter.

(6) Knowingly combined or conspired with any person, by allowing a license to be used by any unlicensed person, firm or corporation, with intent to evade the provisions of this chapter. (Allowing a license to be used by more than one person, firm or corporation constitutes prima facie evidence of an intent to evade the provisions of this chapter.)

(7) Willfully or deliberately disregarded disciplinary action taken by the county.

(8) Failed in any material respect to comply with this chapter.

(9) Failed to adequately train and control persons working under the master electrician's supervision.

(10) Violated the provisions of this chapter regarding permits.

B. The Board may suspend the license of the licensee from all operations as an electrician for not more than [one] 1 year. The Board may permit the licensee to complete any contract uncompleted at the time of suspension.

C. The Board, on request for reinstatement, shall conduct a hearing on the request and make a determination as provided under this chapter and its rules and regulations.

D. The lapse or suspension of a license by operation of law or by order of the Board or a court or its voluntary surrender by a license holder does not deprive the Board of jurisdiction to investigate or act in disciplinary proceedings against the license holder.

E. The local Board shall inform the State Board or building officials of the names of

those whose licenses have been suspended, revoked or reinstated within [thirty (]30[)] days of such action.

Article IV. Permits

§ 105-35. Permits required.

Except as provided in § 105-1, no electrical equipment which is subject to the provisions of this chapter shall be installed until a permit has been issued by the Department.

§ 105-36. Application for permit.

A. All applications for permits shall be in writing and on forms prescribed by the Department. All applications, except those by homeowners pursuant to § 105-19, shall be signed by a master, [electrician,] limited [electrician] or restricted electrician. Each application shall describe the work to be done and the location and shall be accompanied by plans, specifications and schedules that are necessary to determine whether the installation will conform to the provisions of this chapter.

B. Contents; compliance; expiration upon non-commencement of work. Each permit shall describe with particularity the installation to be done thereunder, and no person shall install any electrical equipment other than in accordance with the permit. All permits shall expire and be null and void unless the work authorized thereunder is commenced within [six (]6[)] months from the date of issuance, provided that the Department may, upon good cause shown, extend a permit one [(1)] or more times for periods not exceeding [sixty (]60[)] days. All permits shall expire [one (]1[)] year after the last known work has been completed.

C. The Director may withhold the issuance of an electrical permit if the applicant has failed to remedy or correct any violations of the Electrical Code on any previous permits within [ninety (]90[)] calendar days from the time for which the applicant has been cited by the Division of

Electrical Services.

§ 105-37. Exemptions.

No permit shall be required for minor repairs or minor installations as defined in § 105-10 of this chapter when the installation is done by a master electrician.

§ 105-38. Emergencies.

When necessary to make emergency repairs or replacements to electrical installations or to make branch circuit extensions for switches, receptacles or the like incidental to such emergency work, such work may be done without a permit, provided that the person doing the same shall first inform the Department, either orally or in writing, at the time of such emergency, giving the address where the work is to be done, the nature thereof and when it is to be started. Such person shall file an application for a permit covering such emergency work on the first business day following the emergency.

§ 105-39. Temporary installations.

A temporary permit shall be required in connection with electrical equipment installed for a temporary use for a period not to exceed [six (]6[)] months. A permit may be extended for an additional period of [six (]6[)] months by the Department.

Article V. Inspections

§ 105-40. Notice upon completion of work.

Upon the completion of an installation regulated by this chapter, it shall be unlawful for the holder of a permit issued hereunder to fail to notify the Department of the completion. The Department shall inspect the installation within [forty-eight (]48[)] hours of the notice, exclusive of Saturdays, Sundays and holidays, or as soon thereafter as is practicable.

§ 105-41. Covered installations.

1 A. When any part of an installation regulated by this chapter is to be hidden from view
2 by the permanent placement of part of a building, the person making the installation shall notify the
3 Department, and such installation shall not be concealed until it has been inspected and approved by
4 the Department, provided that on large installations where the concealment of electrical equipment
5 proceeds continuously, the person installing the same shall give the Department notice thereof so that
6 inspections may be made periodically during the progress of the work.

7 B. The Department shall have the authority to remove or require the removal of any
8 structure that prevents proper inspection of any electrical equipment.

9 **§ 105-42. Industrial buildings.**

10 The inspection of industrialized buildings by inspectors of the Department may be required
11 from time to time in accordance with this code where such structures have not been approved by an
12 acceptable inspection agency.

13 **§ 105-43. Cut-in certificate.**

14 A. No electrical light or power company shall supply electricity or power to any
15 electrical equipment for the installation of which a permit is required under this chapter, and no
16 person shall connect any electrical equipment to a supply of electricity or power, except in
17 accordance with a cut-in certificate issued by the Department.

18 B. If, after the inspection, the Department finds the installation to be in conformity with
19 the provisions of this chapter, it shall issue a cut-in certificate authorizing the use of the installation
20 and its connection to the supply of electricity and power and shall send the certificate to the electric
21 light or power company supplying electricity. The certificates may be issued for an entire installation
22 or a part.

23 C. Temporary cut-in certificates shall be issued for temporary installations authorized

pursuant to § 105-38, and the certificates shall set forth their expiration date, shall expire upon that date unless extended and shall be cancelled by the Director at any time if the installation is not maintained in accordance with the [County] Electrical Code.

§ 105-44. Defective installations and equipment.

A. If, upon inspection, any installation for which a permit is required under this chapter is found to be in violation of the provisions of this chapter, the Department shall notify the holder of the permit of the nature of such violation in writing, and the violation shall be corrected within the time limit specified on the notice.

B. If the Director finds that any electrical equipment installed before or after the enactment of this chapter is dangerous to persons or property because of defects or improper use or installation, the Director shall notify the owner or lessee of the property in writing, setting forth the nature of such dangerous condition, and the person shall make such changes or repairs as are necessary to put the equipment in a safe condition within a period specified by the Director.

C. Upon failure of any person to comply with a notice issued pursuant to this section, the Director shall revoke any permit which has been issued for the installation of the equipment, shall not issue any cut-in certificate or shall revoke any certificate which has been previously issued.

D. If the equipment or installation is connected to a supply of electricity or power, the Director shall have the authority to disconnect, and the Director shall send notice to the electric light or power company to discontinue its supply of electricity or power to the equipment or installation, and the supply of electricity or power shall be terminated within [twenty-four (24)] hours of the receipt of notice without liability on the part of such electric light or power company.

Article VI. Installation Standards

§ 105-45. Certification required.

1 It shall be unlawful for any person to install electrical equipment not having the certification
2 of an inspection authority approved by the Department.

3 **§ 105-46. Standards considered minimum.**

4 The standards and requirements of this chapter shall be based upon the currently designated
5 edition of the National Electrical Code and amendments thereto as adopted by law and are hereby
6 declared to be minimum standards and requirements. Any electrical equipment or installation which
7 is equal or superior to such standards and requirements shall be deemed to be in compliance.

8 **§ 105-47. Mobile homes, prefabricated and modular dwellings.**

9 A. The Department may inspect mobile homes, prefabricated or modular dwellings or
10 buildings or other such structures intended for sale or use in the county at the place of manufacture
11 and prior to the concealment of electrical installations in any mobile homes or prefabricated or
12 modular dwellings by means of a qualified inspector employed by the county. Prior to concealment
13 of electrical installations by the manufacturer, the inspector shall issue a letter of acceptance for
14 those installations visible to and approved by the inspector.

15 B. Those mobile homes, prefabricated or modular dwellings or buildings or other
16 structures not inspected prior to concealment of electrical installations shall be accepted for only
17 those electrical installations visible to and approved by the inspector at the time of inspection, and
18 the approval, if granted, shall be indicated in a letter of acceptance from the Department.

19 C. As an alternative to the procedure prescribed by Subsection A or B above, the
20 manufacturer may request inspection by Underwriters' Laboratories, Inc., or certification by a state-
21 approved inspection agency such as Underwriters' Laboratories, Inc., to assure that electrical
22 installations conform to the standards and requirements of the [County] Electrical Code. Such
23 inspections shall be sufficient evidence of compliance with the provisions of this section, except that

county inspection shall be required when installation is accomplished at the home site.

D. Nothing in this section shall be construed to require the inspection of electrical installations in mobile homes, prefabricated or modular dwellings or buildings or other structures by the county, nor shall anything herein be construed to limit the right to inspection conferred by any other section or chapter of this Code or other applicable law.

Article VII. Administration

§ 105-48. Electrical Inspector.

A. Conflict of interest. An individual shall not have an interest, financial or other, in an electrical business while employed by the state, a county, or a local government as an Electrical Inspector.

B. Inactive status; identification card.

(1) On appointment or employment as an Electrical Inspector, the individual:

(a) Shall place the Harford County license of the individual on an inactive-inspector status; and

(b) Except for the renewal fee shall meet the inactive status requirements of § 105-[29] 31 or this section.

(2) The Board shall issue an Electrical Inspector identification card to an Electrical Inspector who has placed the license on inactive status.

(3) The Board shall not charge a fee to issue the identification card.

C. Change in status.

(1) The Board shall change the status of an Electrical Inspector to an individual inactive status if the Electrical Inspector meets the requirements of § 105-[29] 31 of this chapter.

(2) The Board shall change the status of an Electrical Inspector to an individual

active status UPON SUPPLYING TO THE BOARD:

- (a) [Upon supplying to the Board, a]An application for active status.
- (b) Certificate of insurance according to the requirements of § 105-20B(4).
- (c) Verification that the individual is no longer an Electrical Inspector.
- (d) The applicable license fee.
- (e) The restoration fee.

§ 105-49. Stop[-]work order.

A. A stop[-]work order may be placed at a location at the direction of the Chief Electrical Inspector due to violations of any of the provisions of this chapter.

B. A notice shall be delivered to the owner and the violator with a copy of the Code section that is violated.

C. It shall be unlawful for any work to continue under the stop[-]work order except when a specific violator or trade is listed as the only one affected.

D. Removal of the stop[-]work placard by someone other than those authorized by the Division of Electrical Services will be considered a violation.

Section 2. And Be It Further Enacted that this Act shall take effect 60 calendar days from the date it becomes law.
